

Vendor Proposal — Meridian Cloud Systems

Commercial Terms

Total contract value: INR 42,00,000 for a 36-month managed cloud infrastructure agreement.

Payment terms: quarterly billing in arrears, no upfront deposit required.

Pricing is fixed for the full 36-month term with no annual escalation clause.

Service Level Agreement

We commit to 99.99% platform uptime, measured monthly across all regions, backed by service credits for any shortfall against the committed SLA.

Implementation Timeline

Full migration and cutover is estimated at 10 weeks from contract signature, including a 2-week parallel-run validation period before final cutover.

Support

24/7 Network Operations Center (NOC) coverage is included at no extra cost, with a named Technical Account Manager (TAM) assigned to your account from day one.

Technical Capabilities

- Active-active multi-region failover across 3 geographic regions
- Full REST and gRPC API with an official Terraform provider
- Native Kubernetes tooling: managed control plane, auto-scaling node pools, and a built-in service mesh
- Data encrypted at rest (AES-256) and in transit (TLS 1.3)

Compliance & Certifications

SOC 2 Type II audited annually by an independent third party. ISO 27001 certified. GDPR and India DPDP Act data residency options available on request.

Contract Terms

This agreement requires a minimum 3-year commitment. Early termination before month 24 incurs a fee equal to 50% of the remaining contract value.
