

Vendor Proposal — SentiNet Security

Commercial Terms

Total contract value: INR 27,50,000 for an 18-month security monitoring engagement.

Payment terms: 25% upfront, remainder billed quarterly.

A price increase of 10% applies automatically from the start of year 2 onward.

Service Level Agreement

Platform uptime is guaranteed at 99.95%, with monthly reporting against this commitment.

Implementation Timeline

Full deployment, agent rollout, and analyst onboarding is completed within 6 weeks of kickoff.

Support & Incident Response

Our Security Operations Center (SOC) operates 24/7 with a guaranteed 15-minute response time for any escalated security incident.

Technical Capabilities

- Unified SIEM and EDR in a single console — no separate tools or licensing required
- Real-time, machine-learning-based threat detection across endpoints and network traffic
- Full REST API for alert ingestion, case management, and third-party SOAR integration

Compliance & Reporting

Built-in ISO 27001 compliance reporting templates are included out of the box, generated automatically each month.

Contract Terms

This engagement requires a minimum commitment of 3 analyst seats for the full contract term.
